

## Powerful Wireless RF Presentation Remote

With Honeywell's Express Card Presenter, there is no need to interrupt your presentation to advance frames.

Features include:

- Universal USB PC and Macintosh
- 66 ft. RF omni-directional range
- Easy plug-and-play...no software to load
- Simple forward, reverse, and blank screen control
- Sharp, integrated laser pointer
- Works with Power Point Software
- Great battery life and 12-month warranty
- Conveniently stores in notebook computer's express card slot

# Honeywell Express Card Presenter

www.powerremote.com

The Honeywell Express Card Presenter Remote is a handy, compact presentation tool. It allows you to control slides in Power Point slide software and includes a built-in laser pointer.

Express Card Presenter

USB Receiver

USB Receiver is stored in the back of the Express Card Presenter.

Express Card Presenter can be stored in the laptop Express Cards Slot when not in use.

Plug USB receiver into the laptop.
